

KD1325 CNC Router Machine

PRODUCT	Machine Picture	Working area	Spindle
KD1325		1300x2500x150mm	3KW
Applications	<p>The series of machines are powerful,easy to use,reliable performance,widely used in high-efficiency production of various billboards,PVC,acrylic,aluminum plastic board and other materials of three-dimensional carving and automatic cutting edge.</p>		
SPECIFICATIONS			
Table size	1300X2500mm		
Z axis	150mm		
Transmitting	X.Y axis by gear and rack, z axis by rolling ball screw		
linear rail	Taiwan lapping linear rail		
Stepper motor	450B		
Software	Ucancam(Win7/Win10/XP)		
Driver board	Leadshine		
Inverter	SUNFUN		
Control system	SUDA NC with CCD Control system, 2 in 1		
Spindle speed	0-24000rpm/min		
Control cabinet	independent		
Cutting system	CCD Cutting system(equipped CCD camera)		
Voltage	220v		
Can optional	vacuum table, vacuum pump, dust collection
